## **Blessing our children and their families during the hard times of Covid-19**

Hello!

My name is Andrea Morente. I am Neyda Briakilin's mother. Unfortunately, due to government restrictions and security measures, my daughter was unable to accompany me to receive the bag of groceries. Neyda is healthy and sends her many blessings and greetings.

I hope you and your family are well and staying safe. I thank the Lord my family is doing well. As you know, we are also going through a very difficult situation due to COVID-19. It has been hard because most people are not able to work, due to government restrictions placed to prevent spread of this virus. Thank God, our President and his people are trying to make every effort to control the pandemic spread. In the middle of this situation, we continue praying and trusting in God because we know that everything that we are living through is written in His Word. Also, we have this promise in Matthew 28:20: *"I am with you always, to the end of the age"*. Praise God, He is so faithful with His wonderful promises and wonderful people like you and Living Water Adopt A Child, to bless us during this time.

My family and I are so grateful to you for the groceries that we received through the Feeding Program. It really was a blessing. God bless you and your family and please stay safe. We will continue praying for you, your family and God's control of the Covid-19 situation that we are experiencing around the world.

With much love and blessings,  
Andrea Morente, Neyda's mother
