

## Lord's Prayer Craft

Make a road map to righteousness.

I would like you to draw out a map with many different twists and turns. You can label different locations on the map. Some of these places should be righteous things, like helping to do dishes after dinner, and others should be temptations like the ones discussed on the video.

At one end of the map, draw your home. Label this "you are here."  
At the other end of the map, write "narrow gate" and draw a gate.  
After you have designed and coloured your map, use a highlighter to highlight a path that will lead you to the narrow gate. The line should only follow righteous paths and avoid any places of temptation.

# How 2 pray

THE WHEN...

Lead us not into

temptation
